

The background of the entire page is a red-tinted photograph of a train crossing. On the left, a white train engine is visible. In the center, a railroad crossing sign with a large 'X' is mounted on a post. To the right of the sign are several signal lights. The scene is set outdoors with some trees in the background. The image is framed by large white triangles pointing towards the center, creating a diamond shape in the middle of the page.

# BE RAIL SMART

STOP. LOOK. LISTEN.  
LIVE.

Trains are always much  
closer than they appear.  
Look, listen and be ready to stop.

# RAIL SAFETY TIPS

## 1 ● SPEED MISPERCEPTION

Because of their size, trains appear to be much farther away and travelling much slower than their actual speed. Don't be fooled!

## 2 ● TRAINS CAN'T STOP QUICKLY

The average train needs at least 2 km to stop. Trains can stop, but they can't stop quickly!

## 3 ● TRESPASSING

Taking a shortcut across the tracks or being on railway property is illegal, and trespassers can be seriously injured or killed.

## 4 ● WEIGHT RATIO

An average freight train weighs over 5,500 tonnes. Compare that to a car, which weighs about 1.5 tonnes. A train hitting a car is like a car hitting a pop can.

## 5 ● RAILWAY CARS

Stopped railway cars can move at any time. If you're on one or near one when it moves, you could lose a limb — or worse, your life.

## 6 ● TUNNELS AND BRIDGES

Tunnels, bridges, and trestles are designed only for trains. Trespassers can be seriously injured or killed.

## 7 ● OVERHANG

Trains can carry loads that are wider than the railroad cars themselves. They can have chains, straps or other equipment that may extend outside the car. If you are standing too close, you could get hit.

## 8 ● ANY TIME IS TRAIN TIME

Trains do not always run on schedule. They can run at any time, on any track and come from either direction.

## 9 ● CN POLICE NUMBER

Together we can help save lives! If you witness any unsafe situation near a railroad, please call **1-800-465-9239**.

## 10 ● SAFETY PLEDGE

Act today. Take the pledge at [www.cn.ca/railsafety](http://www.cn.ca/railsafety)
